

March 14th, 2020

Dear Parents and Guardians,

Soaring Heights Schools have made the decision to follow the actions taken by our partner school districts and will be following the Governor's 10-day closure of Pennsylvania K-12 schools.

We are viewing this closure similar to a weather related event.

Soaring Heights will continue to monitor and evaluate developments in the communities we serve and will communicate our intentions to resume school activities as information is made available. As you are all aware, this is a very fluid situation with circumstances changing rapidly and your patience is appreciated.

Sincerely,

Matthew Thompson
Director of Education
